ColdSnap™ is a rapid freezing appliance that produces single servings of frozen confections and frozen beverages in less than 2 minutes from shelf-stable, ambient temperature, ColdSnap™ pods. Our mission is to transform the way that ice cream and other frozen confections are produced, transported, purchased & consumed. We are in testing phase with plans for a beta launch in Q3 of this year and full launch in 2022.

We are seeking a full-time ***Assistant Food Scientist / Production Assistant*** to join our growing team at our facility in Billerica, MA. This position will be responsible for assisting the *Director of Food Science* and the *Food Safety Manager* in all aspects of product development and food safety. This is a great role for an early career candidate who would like to gain experience across a wide variety of areas related to food science, product development, food safety, research & development, production, food tech, ingredient sourcing, etc. Must be willing to stand / work on your feet for 4-8 hours per day. This is not a desk job, although desk work is part of the role.

Principal Duties & Responsibilities:

- **First and foremost, make product** as needed, including kitchen setup and cleanup, to be used at demos and for testing the ColdSnap machine.
- Abide by **food safety and quality assurance** protocols at the instruction of the *Food Safety Manager* and put them into practice when working in the test kitchen.
- Assist with developing and managing **shelf-life testing system** for the determination and verification of product safety and quality.
- Take part in new **recipe development** and current recipe improvement for the following items: ice creams, dairy free ice creams, smoothies, coffee drinks, cocktails, and potentially other cold/frozen beverages.
- Support with **sourcing and procurement** of necessary ingredients and supplies needed to meet the changing levels of product demand.

Qualifications:

- Bachelor's degree in Food Science, Culinary Arts, or other science/culinary/nutrition related field
- Proficiency with the Microsoft Office suite
- Motivated, hard-working, eager to excel, able to take direction and work on a team.

To apply, please send your resume to Andi Wolfgang at awolfgang@coldsnap.com.
