

MASTER OF SCIENCE/DIETETIC INTERNSHIP DEGREE REQUIREMENT WORKSHEET FOR STUDENTS ADMITTED IN AY 2021-2022

Program Director: Haewook Han

This is NOT an Official Transcript or Record
Student Name: _____

Academic Advisor: _____

MS/DI Degree Semester Hour Units Requirement: A minimum of 33 plus rotations.

 For an Exemption of a required course or degree requirement, an Exemption Petition form must be completed. Approval of an Exemption does NOT decrease the minimum number of semester hour units required for your degree. Friedman student forms: <http://nutrition.tufts.edu/students/registrar/forms>.

Training in Protection of Human Subjects Degree Requirement Fulfilled (circle):

 The hardcopy of your completed CITI Coursework Requirements Report PDF that indicates the Expiration Date and Reported Score for completion of the [Biomedical Researchers user group modules](#) needs to be emailed prior to your first semester to [Friedman's Registrar](#). The Report will be filed in your student file folder and fulfillment of this degree requirement will be noted in your academic record in SIS. Requirement Fulfilled: YES ___ or NO ___

Graduating Semester - Approval of Intent to Graduate: In order for a Friedman degree to be awarded, approval by the faculty (MS/DI Academic Advisor and MS/DI Program Director) is a requirement for Friedman's Dean and for the Board of Trustees of Tufts University to approve your official degree conferral.

 Students in their last semester prior to graduation must complete this Degree Requirement Worksheet (associated with their admittance semester) and obtain required approvals. Submission of the approved Worksheet to [Friedman's Registrar](#) is required for Graduation Checkout.

Based on my review of this worksheet and the student's transcript it appears that this student will have met their requirements for graduation by May (Spring), (Year) _____

Academic Advisor Approval: _____

Date: _____

Program Director Approval: _____

Date: _____

Course #	Course Title	SHUs	Offered	Semester/ Year Enrolled <i>Mark an "E" for Exemption</i>	Grade
Required Core Courses (21 SHUs):					
NUTB 0250	Statistical Methods for Health Professionals I - online course and must attend associated remote MNSP residency in-person class sessions. <i>(Friedman's Registrar will enroll you.)</i>	3	Fall		
NUTB 0350	Statistical Methods for Health Professionals II - online course and must attend associated MNSP residency in-person class sessions. <i>(Friedman's Registrar will enroll you.)</i>	3	Spring		
NUTR 0204	Principles of Epidemiology <i>(Substitute option: CEE 0154 via cross-registration (spring))</i>	3	Fall
