

**NUTRITION INTERVENTIONS, COMMUNICATION, AND BEHAVIOR CHANGE  
DEGREE REQUIREMENT WORKSHEET FOR AY 2017-2018 - UPDATED AS OF FEBRUARY 2018**

Program Directors: Jeanne Goldberg & Jennifer Sacheck

*\*This is NOT an Official Transcript or Record\**

**NICBC - MS Degree Credits Requirement: A minimum of 16 credits.**

**NICBC - PhD Degree Requirements:** Students admitted directly to the PhD program must complete a minimum of four credits of coursework while enrolled at the Friedman School, and two or more semesters of NUTR 404: Food and Nutrition Policy Doctoral Research Seminar. NICBC PhD students must meet all the course requirements for the NICBC-MS degree, either through courses taken at the Friedman School, or by completing an Exemption Petition to recognize preparation elsewhere. **Exemptions:** For an exemption of a required course or degree requirement, you must complete an Exemption Petition form. Approval of an Exemption does NOT decrease the minimum number of course credits required for your degree program. Friedman student forms are available at: <http://nutrition.tufts.edu/students/registrar/forms>. **Important to Note:** Students in their last semester prior to graduation must meet with their Academic Advisor/Thesis Chair in-person to review this two-page Degree Requirement Worksheet, obtain the required approvals below, and submit a copy of the completed Worksheet to [Friedman's Registrar](#).
