IMMEDIATE JOB OPENING:

Jean Mayer USDA HNRCA Biostatistics and Data Management Unit

The Jean Mayer USDA Human Nutrition Research Center on Aging (HNRCA) at Tufts University is seeking temporary assistance in the Biostatistics and Data Management Unit. The Biostatistics unit supports research initiatives within the HNRCA and is one of six scientific core units.

The Biostatistics unit has three part-time positions open to assist with the collection of data from published scientific literature. These positions are expected to last 4 weeks, with a possibility of extension.

Qualifications:

- Commitment to working 10 hours per week
- Strong communication and organizational skills
- Ability to work independently
- Confidentiality and discretion are essential
- Detail oriented
- Experience working with Microsoft Office (Word and excel specifically)
- United States Citizenship

All students are encouraged to apply, though preference will be given to Tufts students.

Interested students should send a short e-mail cover letter to Greg Matuszek (gregory.matuszek@tufts.edu) along with an attached copy of a resume.
